Taft's Religion Not an Issue.

President Says Question of Candidate's Belief Is Un-American.

Men Who Raised Point in Campaign Slandered Citizens.

White House Open to Jew or Catholic Without Any Distinction.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 8.—"Secretary Taft's religious faith is purely his own private concern and not a matter for general discussion, and political discrimination," says President Roosevelt in a letter he made public tonight, in which he answers numerous correspondents.

The President says he deferred the publication of the letter until now to avoid any agitation likely to influence the election.

The letter follows: "November 6, 1908. "My Dear Sir: I have received your letter running in part as follows: 'While it is claimed almost universally that religion should not enter into politics, yet there is no denying that it does; and the mass of the voters that are not Catholics will not support a man for any office, especially for President of the United States, who is a Roman Catholic.' Since Taft has been nominated for President by the Republican party, it is being circulated and is constantly urged as a reason for not voting for Taft that he is an infidel (Unitarian) and his wife and brother Roman Catholics."

"If his religious faith is purely his own private concern, and not a matter for general discussion, and political discrimination, why should it be a matter for general discussion? On the other hand, if it is an issue that would be sure to mean defeat."

"I am writing this letter for the sole purpose of stating to you that I have no objection to your making any use of the fact that I am a Unitarian to let the world know what my religious belief is."

"AGITATION AN OUTRAGE. "I received several such letters as yours during the campaign, expressing dissatisfaction with Mr. Taft on religious grounds; some of them on the ground that he was a Unitarian, and others on the ground that he was suspected of being a Catholic. I did not answer any of these letters during the campaign because I regarded it as an outrage even to agitate such a question as a man's religious convictions with the purpose of influencing a Presidential election. But now that the campaign is over, when there is opportunity for men to calmly consider whether such propositions as those you make in your letter would lead, I wish to invite them to consider them, and I have selected your letter to answer because you advance both the objections commonly urged against Mr. Taft, namely, that he is a Unitarian and also that he is suspected of sympathy with the Catholics."

"You ask that Mr. Taft shall let the world know what his religious belief is."

"This is his own private concern, and it is a matter between him and his Maker, a matter for his own conscience, and to require it to be made public under penalty of political discrimination is to negative the first principles of our government, which guarantees complete religious liberty, and the right to each man to act in his religious affairs as his own conscience dictates."

"ATTACKS RELIGIOUS FREEDOM. "Mr. Taft never asked my advice in the matter, but if he had asked I should have emphatically advised him against thus stating publicly his religious belief. The demand for a statement of a candidate's religious belief can have no meaning except that there may be discrimination for or against him because of that belief. The inevitable result of entering upon such practice would be an abandonment of our real freedom of conscience and a reversion to the conditions of religious persecution which in so many lands have proved fatal to true liberty and true religion and fatal to advance in civilization."

"To discriminate against a thoroughly upright citizen because he belongs to some particular church, or because, like Abraham Lincoln, he has given his allegiance to any church, is an outrage against that liberty of conscience which is one of the foundations of American liberty. You are entitled to know whether a man seeking your suffrage is a man of clean and upright life, honorable in all his dealings with his fellows and fit by qualification and purpose to do well in the great office for which he is a candidate; but you are not entitled to know matters which he purely by his own choice and belief is entitled to keep himself and his Maker. If it is proper or legitimate to oppose a man for being a Unitarian, as was John Quincy Adams, for instance, as was the Rev. Edward Everett Hale, at the present moment chairman of the Senate, and an American whose life all good Americans are proud of—then it would be equally proper to support or oppose a man because of views on justification by faith, or the method of administering the sacrament, or the like."

DIANA ON A HONEYMOON.

Bride Kills Bear and Saves Her Husband from Its Jaws.

(BY DIRECT WIRE TO THE TIMES.)

DENVER, Nov. 8.—[Exclusive Dispatch.] Three weeks ago T. J. Eckerson was married to Miss Blanche Phillips of Laramie, Wyo. They planned a honeymoon trip hunting in Montana, and pitched their tent near Kalispell.

The first day each killed a bear and on the way back to camp Eckerson wounded a female bear which had two cubs. A moment later she was upon him. Eckerson clubbed his rifle and for a few minutes the gulch seemed full of flying man and bear.

He yelled for assistance and his wife hurried to the scene, placed the muzzle of her rifle to the right shoulder of the bear, pulled the trigger and all was over.

HEALTH FAILS GENERAL.

Commander of Philippine Forces May Apply to the Department for a Transfer.

(ASSOCIATED PRESS DAY REPORT.)

MANILA, Nov. 8.—The health of Maj.-Gen. John F. Weston, commanding the division of the Philippines, has become a matter of such concern that his condition is improved, he will probably request the War Department at Washington to relieve him of the command, and depart for San Francisco by the transport leaving in December.

Maj.-Gen. Weston has been slightly ill during a period of several months, but has bravely remained at his post in the hope that he would be able to serve out the period of his assignment to the division, which expires in June, 1909. It is expected he will consult physicians and unless they hold out the hope of an early recovery, will immediately make application to the department for relief.

CHARMED LIFE.

ASSASSINATION OF BENGAL RULER FAILS.

(ASSOCIATED PRESS NIGHT REPORT.)

CALCUTTA, Nov. 8.—A daring attempt was made last evening by a Bengali to assassinate Sir Andrew Henderson Leith Fraser, Lieutenant-Governor of Bengal. Like three other attempts since his appointment in 1905, this latest attack upon him proved unsuccessful. Sir Andrew escaped without injury.

The Lieutenant-Governor, with the Marajah of Burdwan, an important division of Bengal, and Secretary of the Y.M.C.A. attended a lecture given by Prof. E. D. Burton, Chicago University, at the Town Hall, which was crowded with an audience that included many of the most prominent residents.

Just as the Lieutenant-Governor stepped upon the dais, a young man, who afterward gave the name of Nhowabury, rushed up and thrust a revolver within a few inches of Sir Andrew's body and pulled the trigger twice, but the cartridges missed fire, and Mr. Barber, who is an American, flung himself upon the Bengali. The latter struck savagely at Barber with his revolver and wounded him severely on the head, but was eventually overpowered.

In the meantime the Marajah, a man of great stature and strength, seized Nhowabury, and flung him bodily through a door out of harm's way. A group of Bengalis occupying chairs, jumped quickly to their feet and rushed out of the hall. The suspect is said to have sheltered a number of cadets in his house after the assassination.

MILLION OFFERED FOR RULER DEAD.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS, La., Nov. 8.—[Exclusive Dispatch.] Agents of the United States and Guatemala today agreed that they believe to be a well-planned plot for the assassination of Maximilian Estrada Cabrera, President of Guatemala.

The person suspected left this city yesterday on the passenger steamship Heredia of the United Fruit Company, and it is said he took with him a detailed plan of the assassination, plotted in New York, while he was in conference with some of the leaders of the anti-Cabrera junta.

It is charged that the attaches of the Honduran legation in Washington are a party to the plot, and the secret service men say that a promise of \$1,000,000 in gold has been made if it proves successful. A cable was sent from here tonight to Guatemala City asking for the apprehension of the suspect. He is said to be the cousin of Luis Moseni, a cadet at Guatemala City, who is imprisoned for complicity in the attempted assassination of last April.

Moseni was condemned to death, but his sentence was commuted to life imprisonment by President Cabrera on account of his youth. The suspect is said to have sheltered a number of cadets in his house after the assassination.

NAT GOODWIN AND EDNA GOODRICH WED.

Famous Actor Embarks on Matrimonial Sea for Fourth Time With Bride Who Has Had One Experience—"Like the Rest."

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Nov. 8.—[Exclusive Dispatch.] Nat C. Goodwin, the comedian, embarked on the sea of matrimony for the fourth time in his life today, when he married Miss Edna Goodrich, a former show girl, and for one season his leading woman. The marriage took place at the home of Mr. Goodwin's mother, Mrs. Nathaniel Goodwin, early this afternoon.

After the ceremony Mr. Goodwin received the reporters and with blushing happiness announced that he had been married.

"Yes, it's all over, we have been married," he said. "This affair was not any different from other weddings except possibly that it is raining outside. I am going upstairs now to have a game of bridge, but you must not ask me what the stakes are. My wife will give you all facts about the marriage. I don't know much about the togethery, as a new style have me guessing. She'll tell you all about it."

Raising his voice, the groom shouted, "Come out here, Mrs. Goodwin, and tell the boys all you can."

"There," exclaimed Nat, "doesn't she look stunning?"

Mrs. Goodwin certainly made a charming bride. She wore a hand-some gown of white net over liberty silk chiffon, embroidered with white braid, and a white silk sash encircled her waist.

Jewels, said to have a value of \$20,000, also were worn. They included long drop pearl ear-rings, a diamond necklace, worth \$25,000, the gift of the groom; a diamond dog collar and, on her right hand, was an English tea ring, containing forty diamonds. This was the engagement ring. After the wedding feast, a photographer took a picture of the couple.

"Look natural, Edna," said Mr. Goodwin. "If you don't we will look like a couple of paps."

The ceremony was performed by a justice of the peace, who has been a friend of Mr. Goodwin since boyhood, but whose name was not made public.

The wedding party arrived here from New York early today and comprised Mrs. Nellie Stevens, mother of the bride; Miss Goodrich, Mr. Goodwin and George Weeden, Mr. Goodwin's manager. These, with Mr. Goodwin, were the only ones present at the ceremony.

The wedding today is the fourth marriage of Mr. Goodwin and the second of Miss Goodrich. The ceremony was held in Boston, said Goodwin, that he might have an opportunity of seeing his mother before he entered on engagements which would prevent his again coming to Boston for some months.

"No, my marriage will not in the least affect my stage ambitions," declared Mrs. Goodwin. "I hope it will materially aid them. On account of my health, I shall not return to the stage this winter, but shall take a good long rest."

ROCKEFELLER PASTOR GOES TO BIG SALARY.

(BY DIRECT WIRE TO THE TIMES.)

CLEVELAND (O.) Nov. 8.—[Exclusive Dispatch.] Rev. Charles Aubrey Eaton, for seven years pastor of Euclid Avenue Baptist Church, Cleveland, today resigned to accept a call to Madison Avenue Baptist Church, New York City. He sent his resignation from the East, where he has been for some weeks, recovering from a recent illness.

He received the call some months ago, but had said he did not think he would accept, as he is very popular

here, and preferred Cleveland as his home. However, he says in his resignation, he believes the New York pastor will give him a better opportunity to carry out his church plans.

It is understood that his salary will be \$12,000 a year. He will take with him his assistant pastor and his church secretary.

Eaton has been J. D. Rockefeller's pastor in this city. In fact, it was Mr. Rockefeller who persuaded Dr. Eaton to come here from Toronto, seven years ago.

Franklin Making Best Time, Then White, Kiesel and Elmore.

(BY DIRECT WIRE TO THE TIMES.)

THE latest official news up to midnight from the exciting Los Angeles-Phoenix automobile race came last night to John S. Mitchell, manager of the Hollenbeck, in charge of the Los Angeles end of the race, who received a dispatch telling of the progress of the four cars entered. The wire came from the official checker, who had just reached Mesas from Dos Palmas, a lonely village on the desert, far beyond railroad communication.

The official time of the cars at Dos Palmas, 160 miles from Los Angeles, was: Kiesel, with Harris Hancher driving, 9:42 a.m.; Black Bear, White, with E. C. Fenner driving, 10:15 a.m.; Franklin Greyhound, Ralph Hamlin driving, 11:11 a.m.; Elmore Bulldog, Andy Smith driving, 1:14 p.m.

The Franklin made the best time to Dos Palmas, having covered the distance in 5 hours and 51 minutes. This is remarkable in view of the fact that Hamlin twice lost the road and was delayed for several minutes.

The White Bulldog was second, having made the run in 6 hours and 13 minutes. The White was delayed several minutes at Mesas by a broken axle, but was making the best time.

The Kiesel was third, Hancher having driven the speedy gasoline entry the 160 miles in 6 hours and 45 minutes. The Kiesel had carburetor trouble, which was not serious, and was delayed only a few minutes.

A. J. Smith lost the road after leaving San Bernardino. He was making better speed at Dos Palmas than at any time during the day. His official time for the run was 11 hours 14 minutes.

FIRST STRUGGLE WITH DESERT. When the first fierce struggle with the desert sands began yesterday morning, the Kiesel was leading. Close on the Kiesel, the White, with F. C. Fenner driving, was making a wonderful race, and was only twenty-nine minutes behind the gasoline entry. The White started one hour behind the Kiesel, and at Dos Palmas had made up thirty-one minutes of its handicap.

After losing the road twice, the Franklin Greyhound was only two hours and eight minutes behind the first car. It started three hours after the Kiesel.

Last in the race, Andy Smith was making a good race, and his Elmore was showing its class as the car went through the little desert oasis. Smith passed the two lonely sentinel palms at 1:14 o'clock yesterday afternoon.

With open matters disturbing the vast quiet of the desert the cars kept steadily on. To an accompaniment of spitting exhausts the whistle of the steam car, Black Bear, started the proving sorcerer as the machines sped on toward the Colorado and a rest.

With nearly 50 miles of the journey ended, the strain on the drivers was beginning to show. In the first hour of the men who were making grimly to the wheels of the whirling motor cars. The sandy road was a desperate test of endurance.

"ANYBODY'S RACE." "Anybody's race," was the way the official checker summed it up after watching the quartet of cars pass on toward the sands.

More evenly matched than it was at first supposed was possible, these four machines are making an intensely interesting race across a State and a Territory.

Over the wire, last night, came the details of this long contest, which began at midnight, Saturday, when Bert Latham sent the Kiesel down Spring street through the throng gathered to witness the start. As the flame flew from the open exhaust and the Kiesel got under way, the cheer which Latham received was encouraging.

Like a streak of fire and smoke the Kiesel shot out Main street and over the Mission road to Pecos, Pomona and San Bernardino. At 1:14 o'clock the car passed San Bernardino and began the run to Banning.

Equally thrilling was the start of the "Black Bear," driven by H. D. Ryan. The White Bear, left the Hollenbeck at 1 o'clock and it was difficult for Ryan to force his way through the crowds as he guided the speedy car down Spring street toward Main. But he made fast time out to Eastlake Park, and was lost in the darkness along the Mission road a few minutes later.

Though the crowd had thinned somewhat at 2 o'clock, Andy Smith and his Elmore were given a royal send-off. He, too, had difficulty in making his way through the crowd, which had waited two hours to give him the word.

Three Home Runs Among the Eighteen Swats.

The blacks had but seven errors, which are not many for a bushier team, playing against real players before a big crowd. There were a lot of booby head plays by the blacks, that do not figure in the error column, and these were doubtless due to nervousness.

20 ACRES

Of Choicest Land in the Famous San Joaquin Valley with Developed Water, and Additional Prizes Amounting to \$30,000!!!

Educational Word Contest by the Homeland Irrigated Farms Company--IT COSTS YOU NOTHING

CUT THIS OUT AND KEEP FOR REFERENCE

For the purpose of encouraging the investment in rich farm lands in the great San Joaquin Valley, where 10 or 20 acres means an independent income, and for the additional purpose of impressing upon the minds of one and all the wonderful fertility, productiveness and depth of the soil in our Homeland Irrigated Farms Tract, we have determined upon the following remarkable offer:

We are going to make this great tract a household word wherever this announcement is read, and in order to do so we have inaugurated an

Educational Word Contest

which will prove both interesting and valuable to you. The contest is to see how many words you can make out of the fourteen different letters in "Homeland Irrigated Farms." You can use a letter only once in a word, and you must confine yourself to the letters in "Homeland Irrigated Farms," using no others.

Prizes

The person making the greatest number of words will receive a deed to one 20-acre tract, equal in quality and value to any in the whole 10,000 acres, absolutely free.

The fifty next highest answers will entitle each one to a credit certificate of \$200 on any other 20-acre tract, to be selected by the winner.

The one hundred next highest answers will entitle the successful contestants each to a credit certificate of \$100 on any 10 or 20-acre tract, to be selected by the winner.

The two hundred next highest answers will entitle the successful contestants each to a credit certificate of \$50 on any 10 or 20-acre tract, to be selected by the winner.

In the event of a tie happening between successful contestants, the answer first received will be entitled to the prize.

Not only will a certificate be accepted as so much cash paid on a purchase, but terms of \$5 an acre down and \$1.50 an acre per month, or one-fourth down and balance in one, two and three years, will be given to those who do not care to pay all cash.

The Contest Will Close Nov. 23, 1908

and all answers should be marked on the outside "Word Contest," and mailed or delivered to our address, Homeland Irrigated Farms Co., 901-902 Security Bldg., corner Fifth and Spring streets, Los Angeles, Cal., by that date. Each list will be carefully examined and the successful contestants notified as soon as possible, which will be about one week later.

Remember These Instructions

See how many words you can make out of the fourteen different letters in "Homeland Irrigated Farms," not using the same letter more than once in any one word. The only letters you can use are H O L N D I G T E D F A R M S. A word cannot be used more than once, even though it has different meanings. Plurals not allowed.

Any word now in use in the English language (Webster is our authority) will be counted, but not obsolete words or the names of persons or places.

Add your list when completed, and state number of words. Sign your full name and give postoffice address.

NOTE: The Homeland Development Co., which has already spent over \$100,000 in placing an abundance of water on this great tract, includes in its membership several of the gentlemen who conceived and brought to a successful conclusion the great irrigation system of the Imperial Valley. Their wide experience is resulting in a magnificent irrigating system on the Homeland Farms Tract, and this, together with the wonderful rich sediment soil, free from injurious substances, and prices that are materially lower than other lands of similar character are sold for, make it without question the most attractive proposition in the State.

The first 2000 acres will be sold for \$75 per acre, including water. It would be a safe investment at \$150 per acre, and we believe will ultimately bring \$500. As an opportunity, both for the speculator and the bona fide rancher, this great tract has no equal in California.

REWARD FOR MARINES.

CHANGES SUGGESTED.

(ASSOCIATED PRESS DAY REPORT.)
WASHINGTON, Nov. 8.—Recommendations that the United States marine corps be reorganized, and that the commandant at Peking, China, be credited with double time for such service, as is the case with those serving in the Philippines; that legislation be secured to establish a school of instruction for cooks, and that assistant adjutants and inspectors of the corps, be authorized to administer oaths as made by Gen. G. F. Elliott, commandant of the United States Marine Corps, Gen. Elliott, in his annual report submitted estimates for improvements as follows:
Bremerton Navy Yard, Washington barracks, \$100,000; officers' quarters, \$20,000; Philippine Islands barracks at Canacao, \$75,000; officers' quarters, \$20,000.
The sum of \$225,000 to purchase from the army ten thousand rifles and 30 million pounds of ammunition is estimated for the improvements as follows:
The General also asks an additional increase in the personnel of the Marine Corps, consisting of 318 marines and a number of commissioned and non-commissioned officers. He recommends that a ship of the Dixie or Panther type be converted into a transport ship for exclusive use of the marine corps. He says that the work of enlisting men for the service had been very successful during the past summer.

SECRETARY STRAUS BUSY.

Paying Special Attention to the Attempted Violation of the "Alien Contract Labor" Laws.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Nov. 8.—Since Secretary Straus became the executive head of the Department of Commerce and Labor, he has paid particular attention to the cases involving violations of the alien contract labor laws. The records of the Bureau of Immigration and Naturalization, for the fiscal year ended June 30, 1908, show that there were rejected at the ports of this country 192 aliens seeking admission to the United States, pursuant to offers or promises of employment made prior to emigration.
There were arrested and deported from the United States 240 aliens found to be here in violation of the contract labor law.
In twenty-eight instances of apparent violation of the alien contract labor law by corporations or other employers, evidence was transmitted to the Department of Justice, or to local United States attorneys, with a request for the institution of suits to punish the persons shown by the evidence to be guilty.

TWO HUSBANDS ARE SLAIN BY WIVES' SWEETHEARTS.

While Pair of Freshly-made Widows, Locked in the Same Cell, Console Each Other, Their Lovers, in Another, Together Lay Plans for Their Defense.
(BY DIRECT WIRE TO THE TIMES.)
EAST ST. LOUIS (Ill.) Nov. 8.—[Exclusive Dispatch.] A striking case of parallel crimes is found in two murders here, one of them the killing of William Calhoun by Charles George; the other the killing of John Bell by Rainey Johnson.
The first affair occurred Friday night, the second Sunday morning. In each case, the husband objected to attentions shown his wife and was killed during a quarrel with her alleged affinity.
In the same cell at the Police Station, the two widows are trying to console each other. In another cell, the two alleged affinities are comparing notes and laying out a line of defense. Both husbands were shot through the heart, dying instantly, and in each case the husbands made an attack which establishes a self-defensive plea that probably will clear the alleged assassins.
One husband was buried today and the other is at the morgue awaiting the coroner's inquest.

CHICAGO, Nov. 8.—[Exclusive Dispatch.] Elmer E. Cain, the Wisconsin legislator who was arrested Friday with Catherine Livingston, with whom he had been living at a local hotel, has announced his willingness to marry the girl who begot and stole for his benefit.
Cain is believed to have been shamed into a promise to marry the girl by a negro named Wright, who occupies a cell next to him. Cain has been thrown in contact with the negro, who had been arrested on a similar offense.
A young woman who was in love with Wright was accused of stealing and disappeared. Wright was arrested when he refused to tell where the girl had gone. The similarity in the case interested Cain.
"Be a man and defend the woman to the end," Cain was advised by the negro, who, when he heard Cain's de-

RAID ON POKER GAME UPSETS DETECTIVE PLANS.

Officers Got Four Unimportant Prisoners, but Seize Desperado's Criminal from Trap into Which He Was About to Walk—Greek Club Scene of "Mix-up."
The Greek Republican Club at No. 416 1/2 North Main street was raided at 1:30 o'clock yesterday morning and four men were arrested on the charge of gambling. There were six men in the game, but two were not pigeons for the police and were released.
The four men held gave their names as M. Priam, George Kulesze, Tome Valles and C. Calas. Priam was refused bail because a ring containing a looking-glass, by which he could keep track of the cards, was found on his finger. But later he was released when it was discovered that he was a very useful "stool pigeon." Instead of a "crooked" gambler, and that he was working for Detective Talamantes on a more important case than catching card players. He was using the game as bait to lure his man into the hands of the police.
"This mix-up occurred because the officers working on gambling cases were not informed about the case on which I was working," said Talamantes last evening. "I was trying to locate and arrest a really bad crook. This man Priam had been on the case for ten days and tonight we hoped to catch the fellow."
In the meantime the other officers had been watching the game in which Priam was playing, and last night they raided it, thereby spoiling the chance of getting the crook. The ring with the looking-glass played an important part in the work, but I do not care to discuss that now."
Kulesze, who is alleged to be the proprietor of the Greek club, and Calas were released on \$100 bail each. Valles was unable to furnish either cash or bonds.

Burglars last night entered the home of Mrs. C. G. Stanton, No. 670 Whittier street, while the family was at church, and got away with a heavy Spanish gold chain and a pair of earrings of Spanish design which had been in the family for several generations. Entrance was gained by prying open a window.
Mrs. Thomas Christian of No. 291 South Grand avenue also reported the loss of about \$50 worth of jewelry. When she returned home about 11 o'clock she found the back door open and the house ransacked. The stolen property consisted of a watch, an opal ring and a stickpin.

United States Government Officials Who Made Arrest of New Jersey Banker Keep the Affair Secret and Decline to State Where the Money Went.
(BY DIRECT WIRE TO THE TIMES.)
TRENTON (N. J.) Nov. 8.—[Exclusive Dispatch.] Charles R. Jones, cashier of the First National Bank of Seabright, was arrested Thursday by United States Marshal Thomas J. Alcott, on the charge of embezzling \$15,000 from the institution by falsifying accounts.
He was placed under \$10,000 bail, to await the action of the Federal grand jury. The government authorities kept the arrest a secret until it leaked out today.
A United States Bank Examiner made the complaint against Jones. The officials are now investigating his disposition of the money.
Jones operates the Globe Hotel at Red Bank, and is well known in that section of the State.
When questioned today, United States Attorney John B. Vreeland declared that the abstracting of funds from the bank would not result in any serious harm to the institution. He admitted that evidence points to Jones as a dabbler in Wall street, but beyond this would make no further statement.

THIRTEEN-YEAR-OLD CHILD ABDUCTED AND SOLD BY WHITE SLAVE TRADERS IN CHICAGO.

CHICAGO, Nov. 8.—[Exclusive Dispatch.] Charged with trying to sell a thirteen-year-old girl as a white slave for \$25, Pasquale Masse, No. 129 Ewing street, and Louis Marri, No. 151 Ewing street, are held at the Maxwell street Police Station.

Monday night, according to the police, the men abducted Jennie Carbone from the yard of her home at No. 127 Ewing street and took her to an Armour-avenue resort. It is stated that the proprietor feared to purchase her because of her youthful appearance. The men then took the captive to the Quincy Hotel, No. 148 Halsted street, where the police state they have since kept her, by posing as her husband and brother. The police promise to secure a warrant for Isaac Meyer, who conducts the hotel.

WASHINGTON, Nov. 8.—[Exclusive Dispatch.] After December 10, the money derived by the government from timber sales, permits for stock grazing and for special uses of various resources in the national forest reserve will be deposited with national banks instead of being forwarded to Washington to be locked up in the Treasury.
In making this change in policy it is the object of the government to keep the money available for circulation in the part of the country from which it is derived. The banks also have

Campaign Headquarters Close With Announcement and Statement That Sixty-first Congress Will Contain a Republican Membership of at Least Two Hundred and Thirteen.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Nov. 8.—[Exclusive Dispatch.] Republican campaign headquarters in this city were closed today with the final announcement that the Sixty-first Congress, and that a clear majority of Republican members-elect are pledged to support Speaker Cannon for reelection.
"There is no question about the election of Speaker Cannon," said one of the prominent officials who was connected with the Cannon Presidential boom prior to the Chicago convention, and who has been at Congressional committee headquarters during the campaign.
"Telegrams and letters from successful candidates in Congress districts have been received here in quantities sufficient to warrant the assertion that there will be no opposition to Uncle Joe in the Republican caucus at Washington and that he will be re-elected unanimously."
"Congressman Fowler has been suggested, but he is merely piqued because the currency bill was taken away from his committee on banks and banking. He will not even show when the time comes."
Speaker Cannon will meet a number of western Congressmen in residence here tomorrow. The organization of the next Congress and plans for the short session of the present Congress will be discussed. Tuesday the Speaker will go East for a conference with the House Committee on Ways and Means and the advisability of tackling the tariff revision at the short session will be gone over.

DIRECTION OF TRAVEL TOWARD SUNNY CALIFORNIA.

Wealthy Easterners Will "See" This State Rather Than "Do" Europe—Young Dog Fling Feet and Can Still Wag Its Tail. Crown City Club Notes.

Column of the Times, No. 28 S. Raymond Ave. PASADENA, Nov. 1.—That there is a general change in the disposition of wealthy tourists to give up going abroad and to spend some time in seeing the sights and enjoying the climate of their own country, is the report that O. L. Chaffin, clerk at Hotel Green, brings back after a summer at Grand Springs house and a recent visit to tourist agencies of the East. He states that managers of transportation bureaus say that the tide of travel is turning westward and that for the next few years it will be more the thing "to do" California and other points in the United States than to go across to Europe.

"A good instance of this shifting of the traffic," he said last night, "is the first Raymond Whitecomb excursion which will reach here soon. It is the largest that has been sent out in years and will number over eighty persons. It is but the beginning of a season that is expected by authorities in the East to continue in numbers of visitors any season for the past five years. All of the eastern booking agencies are talking California hard and I have heard many prominent and wealthy people express their intention of coming here this winter."

TOUGHNESS TESTED.

The big building of H. K. Macomber had a trying experience yesterday but stood the test. Shortly before he was let out for exercise, the animal fell off the Linda Vista bridge which spans the Arroyo Seco. It plunged about thirty feet. He apparently hit his head on a rock and was killed.

MEET AFTER THIRTY YEARS. Remembrance of gay college days of almost thirty years ago came back with a rush to Mrs. Mary M. Coman and Miss Nellie Bartlett, when they met yesterday afternoon for the first time since graduation. Both attended Wellesley in the early eighties. Mrs. Coman is now the mother of several children and one of the most respected women in the city. Miss Bartlett is in Pasadena with Dr. Lyman Bartlett, a missionary who went to Syria in 1887. Both have had remarkable experiences. The meeting of the two women last night came as a happy conclusion to a long correspondence.

CAUGHT AS THEY SLEEP.

Four tramps, who were making for Arroyo race track, stopped for the night in one of the box cars of the Southern Pacific Railway Company near Raymond station. They were seen to enter the car by the engine men at the roundhouse. He slipped up as the quartette slept and bolted the door. He then telephoned the police and Patrolmen Demarest and Bette brought the vagrants to the City Jail where they await trial this morning. They gave their names as Joe Miller, John Palmer, Joe Sullivan and James Shaw.

During the winter this city is peppered with tramps and in nearly every instance they claim to be en route to Alameda or to have just left there. Passengers between this city and Los Angeles are dreading the opening of the race track at Santa Anita. They say the traffic is so congested on the Pacific Electric lines during the meeting that the chance of seeing a fine sunset or a Los Angeles becomes very irregular.

BEGIN REGULAR SERVICES.

Regular evening services were held for the first time for months at All Saints' Episcopal Church, 1000 Broadway, last evening. Rev. Leslie Learned preached the sermon after a programme of special music.

Rev. Frederick Miller spoke yesterday at all services of the North Pasadena Methodist Church. The congregation of the Lincoln Avenue Methodist Church was treated to readings from sacred and classical literature by Miss Stella King, a friend of the pastor.

The choir of the West Side Congregational Church, under the direction of J. Paul Lewis, rendered a sacred song service at 5 o'clock yesterday afternoon.

No choir leader has yet been chosen to take the place made vacant by the resignation of W. L. Jones, who left here last Sunday, after four years of appreciated service, to take charge of the music at the University Methodist Church, in Los Angeles.

RUN EXTRA CARS.

Two extra cars were sent out by the Pacific Electric Railway Company to accommodate the crowds of people who went to Mt. Wilson by moonlight last Saturday night. At night long people were on the trail to the peak and the morning found the summit dotted with sightseers. The moonlight and the chance of seeing a fine sunset above the clouds, attracted the visitors.

Among those registered at Mt. Wilson Hotel from Pasadena are: Mr. and Mrs. John T. Ball, Miss Hodgins, Clifford Jones, F. C. Jones, M. J. Huff, S. T. Miller, Harry Shanderson, Katherine McGorray, Marie Chandler and Mildred Carr.

MONEY FOR RIFLE RANGE.

According to local marksmen, Co. I, G.C., is in need of funds with which to make much needed improvements to its property which has been leased for a rifle range near Devil's Canyon. The boys of the company are to give a minstrel show for the purpose of raising the fund, but much more money than is hoped to be derived from the show is needed to properly equip the range. For many months the local company has been forced to go to Los Angeles to rifle range, with considerable expense and time. The 700-yard range, properly equipped, will answer the purpose for which it is needed.

Dr. D. Neff, one of the best known sportsmen in Southern California, expects to return about the first of the year.

TO UPHOLD THE TARIFF.

Citrus Protective League Appoints Delegates to Go to Washington.

SAN BERNARDINO, Nov. 8.—The Citrus Protective League of California has appointed a committee to proceed at once to Washington to attend the meeting there at which tariff revision will be taken up. This committee will have special charge of the citrus fruit interests. It is composed of R. A. Woodford, of the California Fruit Exchange; C. C. Toques, of Santa Paula; C. C. Chapman of Fullerton; A. F. Call of Corona, and A. G. Kendall of San Bernardino. At present there is a tariff of 1 cent per pound on all citrus fruits. This has shut out practically all foreign oranges, but it is believed the lemon tariff should be increased. A strong effort in this direction will be made.

INDIAN JUDGES ARE APPOINTED.

LATEST MOVE TO TREAT ABORIGINES AS A BROTHER.

Jury of His People Will Try Him on Reservation and One of His Race Will Sit on Bench—Banning's Government Lands Are Being Allotted in Small Tracts.

BANNING, Nov. 8.—A regular Indian boom seems to have struck Southern California, especially the several reservations situated in Riverside county. Up to ten months ago the policy of the Department of the Interior appeared to be to leave the Indian Indians very much to themselves, with the exception of providing a reservation school for their dusky children. About January 1, this branch of the government suddenly evinced great interest in the illegal liquor traffic on the various reservations. Detectives were sent here, including Chief Johnson of Oklahoma, better known as "Fussfoot" Johnson, who has a great record as a terror to "bootleggers." The campaign has been carried on for almost a year and several captures of booze peddlers have been made, and horses and rigs confiscated. The result has been that illegal liquor traffic among the Indians has practically been abandoned.

LANDS ALLOTTED. Hardly had the liquor feature been taken up before the information came that the sum of \$10,000 had been appropriated for water development at the Banning reservation, \$6000 for the Palm Springs reservation, and a similar amount for the San Jacinto reservation. With this came the policy of allotting the reservations to the individual members of the tribe, a special agent is now at work here, cutting the Morongo reservation into small tracts. On each an Indian family is supposed to reside. Some of the aborigines rebel against this plan, preferring to reside upon the reservation as a tribe, not as individual home makers, but the majority acquiesce without a murmur. The government recently furnished several of the more industrious Indians with farming implements, to encourage them still further in agricultural pursuits.

FIELD MATRON APPOINTED. The department is even going so far as to provide for the health of these wards of the government. Within the past two weeks a field matron has been appointed. She is a trained nurse, whose duties consist of enforcing whatever sanitary regulations are adopted for the various reservations. It is a fact well known to all students of Indian life that the old adage that "cleanliness comes next to godliness" has never made a strong impression on the aborigines.

INDIAN JUDGES. Another step toward making the Indian more self-reliant is the establishing of courts of justice on the reservations. For many years the government has engaged regular Indian police, and now judges have been appointed. All minor offenses committed by the Indians are now subject to trial before an Indian judge and a jury of the defendant's peers.

SALBOA. BALBOA, Nov. 8.—W. W. Wilson entertained thirty young people Saturday evening at his home at East Newport. The party spent the early hours of the evening in dancing and at 11 o'clock went to "Restful Robust," where a three-course supper was served. Charles E. Boyle and family left this morning for the Imperial Valley, en route they will stop at Riverside a few days for a visit to friends. Earl Holmstrom has gone to Long Beach for a few days, to visit with friends. Miss Olive Kennard is in San Francisco on a visit to her sister, Miss Grace Kennard, who is attending Stanford University. Alvat McConnell of Alhambra spent today here.

OCEANSIDE, Nov. 8.—"Prosperity Week" in Oceanside is marked by the reopening of the San Luis Rey Hotel and the starting of construction on a garage and machine shop. Mrs. J. F. Powell and daughter of Michigan are visiting Rev. H. J. Powell. The latter expects soon to remove to Los Angeles, having recently resigned his charge at the Baptist Church on account of ill-health. He will be succeeded by Rev. W. H. Galbraith of St. John, N. B. Mrs. S. C. Gork returned Friday from a protracted visit East.

SELECTS SITE FOR GAME FARM.

VENTURA MAN CONSIDERS BEST LOCATION IS ALAMEDA.

Fillmore Celebrates Election of Clarke to Judgeship—Santa Paula Paper Has New Proprietor—Union Oil Company Rebuilds in Adelanto Canyon—"Blind Piggers" Prodded.

VENTURA, Nov. 8.—J. R. Argabrite, formerly of this county, has been given a position by the State Board of Fish and Game Commissioners. For a long time Mr. Argabrite put in his spare time in raising Chinese pheasants, and he made such signal success in the venture that the commission soon heard of his efforts and offered him a good position. He was to pick out a suitable site for a game farm. Mr. Argabrite, after looking carefully over the State, has come to the conclusion that Alameda offers the best location.

Fillmore last night celebrated the election of Robert M. Clarke to the office of Superior Judge. There was a banquet and a general good time. Rev. A. G. L. Trew of Los Angeles held communion services today at St. Paul's Episcopal Church. D. A. Webster has assumed control of the Santa Paula Chronicle. FINE REMEDY. Conductor Painter of the Southern Pacific Railroad, who was arrested for obstructing a street crossing with his train, pleaded guilty and was fined \$10. The fine was remitted on the promise that the offense would not occur again. A carload of lumber has arrived at the Adams Canyon. It will be used to rebuild the rig and engine-house of the Union Oil Company, recently destroyed by fire.

AFTER "BLIND-PIGGERS." Santa Paula is after the "blind-piggers" with a sherry stick. For a long time it has been bothered by a gang of boot-leggers, but has now made a round-up which it is thought will end the selling of liquor. Ralph Romero of that town was recently arrested for horse stealing. He confessed, and in doing so implicated Hercules Martinez and Clemente Garcia in the crime of running blind piggers. Paced with this evidence Martinez threw up his hands. Justice Titus fined him \$100 and sent him to jail for three months besides. Garcia has made tracks, but the officers are after him. Realizing that their prohibition ordinance has some loopholes, the Santa Paula authorities have taken steps to pass a new one patterned after that of this town, which forbids express and railroad companies and other carriers bringing liquor into the town.

GOLDEN WEDDING. Mr. and Mrs. Charles Richardson of the Simi celebrated the fiftieth anniversary of their wedding day before yesterday. Fifty-three guests, including ten children and seventeen grandchildren, participated. Miss Flora McIntyre of the class of 1900, University of California, who was forced a few months ago to give up her studies, has been remembered by the members of her class, who have just sent her a handsome loving cup. Miss McIntyre is still very ill at her home in this city. Only one of the three draggists of this city has taken out a permit to carry and sell liquors for medicinal purposes. The ordinance requires druggists to put up a bond of \$500 that they will comply with the prohibition ordinance.
